

SVX Pilot Module testing leading to Production Approval.

VRB Tests

VRB Tests

A1.VRB Engineering tests.

- | | | |
|---|--------------|---|
| 1 | Noise | Possible backplane noise susceptibility |
| 2 | Staus, etc. | Status/control/errors VRB/VFO to/from SRC |
| 3 | D0 firmware | D0-mode firmware |
| 4 | CDF firmware | CDF-mode firmware |

A2. VTM Engineering tests

Completed; waiting for statistics & over temperature testing duing system tests

A3. VTM/VFO Engineering tests

A4. VTM Engineering tests

B1. VRB Component Integration Tests

A5. FIB Engineering tests

Normal testing

A6. FFO Engineering Tests

A7. FIB/FFO Engineering Tests

A8. FTM Engineering Tests

A9. DEM Engineering Test
